MORE THAN FIREDOORS

ננז
NINZ DIGITAL DECOR

FRANÇAIS

NDD – NINZ DIGITAL DECOR® propose une infinité de possibilités de réalisations graphiques sur les portes coupe-feu NINZ®. Des technologies avancées permettent d'imprimer sur les deux côtés des vantaux.

NDD associe la porte à un concept lié au style et au design. Les portes coupe-feu Ninz reçoivent une impression, au choix, de la publicité de votre entreprise (Publicity), ou des dessins, des matériaux et des symboles choisis dans la vaste gamme de NDD-Collection, avec des œuvres d'art (Artline), ou encore votre image personnalisée (Individual).

NDD innove dans le monde de la porte et son ouvrage architectonique – NDD valorise la porte en y associant des valeurs socio-culturelles, économiques et émotionnelles.

DEUTSCH

NDD – NINZ DIGITAL DECOR® eröffnet unbegrenzte Möglichkeiten zur grafischen Gestaltung von Türoberflächen aus der vielfältigen Ninz-Firedoors®-Produktpalette. Durch Einsatz innovativer Technologie kann das Türblatt beidseitig vollflächig bedruckt werden.

NDD verbindet das Produkt Brandschutztüren mit Style und Design. Die Türen werden, nach Ihren Wünschen, direkt bedruckt: entweder mit Werbung für Ihr Unternehmen (Publicity), mit Motiven, Materialien und Symbolen aus der NDD-Collection, mit ausgewählten Kunstwerken (Artline) oder mit Ihrem persönlichen Bildmotiv (Individual).

So präsentiert sich NDD als ein neuer Beitrag zur architektonischen Gestaltung für eine Vielzahl von Anwendungsbereichen und Anforderungen. Gezielt eingesetzt ermöglicht NDD die Schaffung ökonomischer, kultureller und emotionaler Mehrwerte.

ITALIANO

NDD – NINZ DIGITAL DECOR® offre ai clienti infinite possibilità riguardanti la realizzazione grafica delle superfici delle porte tagliafuoco NINZ®. Tecnologie più avanzate rendono possibile la stampa in pieno su entrambe le ante.

NDD combina il prodotto porta tagliafuoco con stile e design. Le porte Ninz vengono stampate direttamente, a vostra scelta, sia con la pubblicità della vostra azienda (Publicity), sia con disegni, materiali e simboli scelti tra la vasta gamma della NDD-Collection, oppure con particolari opere d'arte (Artline), o la vostra immagine personalizzata (Individual).

NDD innova la realizzazione della porta nel suo complesso architettonico; grazie all'introduzione dell'NDD si creano dei valori aggiunti socio-culturali, economici ed emozionali.

ENGLISH

NDD – NINZ DIGITAL DECOR® opens unlimited possibilities regarding the graphical realisation of door surfaces taken from the manifold Ninz-Firedoors®-product range. Thanks to innovative technologies full surface printing on both door leaves is possible.

NDD combines the product firedoor with style and design. Doors are printed tailor-made: with the company's publicity (Publicity), with designs, materials and symbols selected from the NDD-Collection, with particular artworks (Artline) or with your personalised image (Individual).

In this way NDD contributes to architectural realisation with vast application fields for diverse needs. Specifically implemented, NDD creates economical, cultural and emotional surplus values.

PUBLICITY

MORE THAN FIREDOORS

PUBLICITY

ninz[®]
NINZ DIGITAL DECOR

Let's go public!

ITALIANO

NDD-Publicity trasforma le porte tagliafuoco in vettore pubblicitario per l'azienda ed i suoi prodotti. Grazie alla stampa del logo, la porta diventa parte integrante della vostra immagine aziendale. Per aziende al passo coi tempi NDD-Publicity offre moderne ed innovative possibilità a partire dalla realizzazione di un progetto.

Campi di applicazione: showroom, uffici, punti vendita, centri commerciali, centri di produzione, ecc.

ENGLISH

NDD-Publicity transforms the fire door into the company's and product's advertising medium. Thanks to the logo print the door becomes an endorsing element of your corporate identity. Even during the planning of your projects NDD-Publicity offers innovative solutions for modern companies.

Application fields: showrooms, shops, offices, production industries etc.

FRANÇAIS

NDD-Publicity transforme la porte coupe-feu en vecteur publicitaire pour l'entreprise et ses produits. L'impression du logo sur le vantail rend la porte partie intégrante de l'image de l'entreprise. Aux entreprises actuelles et au goût du jour, NDD-Publicity offre des possibilités nouvelles et modernes en partant d'un projet.

Applications: showroom, bureaux, points de ventes, centres commerciaux, usines de productions, etc.

DEUTSCH

Mit NDD-Publicity werden Türen zum Werbeträger – für Unternehmen und ihre Produkte. Durch den Aufdruck Ihres Logos wird die Tür ergänzender Bestandteil Ihrer Corporate Identity. Für Unternehmen am Puls der Zeit bietet NDD-Publicity bereits während der Planung ihrer Objekte neue, innovative Möglichkeiten.

Anwendungsbereiche: Showrooms, Shops, Bürogebäude, Handels-, Gewerbe- und Dienstleistungszentren, Produktionsstätten etc.

INDIVIDUAL

MORE THAN FIREDOORS

INDIVIDUAL

ninz[®]
NINZ DIGITAL DECOR

Let's be creative!

ITALIANO

Con NDD-Individual ogni porta tagliafuoco diventa straordinaria. NDD-Individual offre la possibilità di stampare ogni singola porta con grafiche individuali, fantasie, immagini e texture di qualsiasi tipo.

NDD-Individual rappresenta una sfida eccezionale per architetti, interior designer e clienti.

Campi di applicazione: abitazioni, luoghi aperti al pubblico, ecc.

ENGLISH

NDD-Individual renders every fire door unique. You are free to choose personalised designs, textures, images, pictures or patterns of all kinds for your print. The door as design element is representing an extra challenge for architects, interior designers and clients.

Application fields: residential building, club houses, etc.

FRANÇAIS

NDD-Individual rend la porte coupe-feu extraordinaire. NDD-Individual offre la possibilité d'imprimer chaque porte avec un graphisme individuel, fantaisie, images et textures à l'infini. NDD-Individual représente un défi exceptionnel pour les architectes, les architectes d'intérieur et les clients.

Applications: appartements, endroits recevant du public, etc.

DEUTSCH

Mit NDD-Individual wird jede Brandschutztür einzigartig. Sie haben die Freiheit Türen mit Ihren persönlichen Motiven, Texturen, Bildern, Fotografien und Mustern aller Art zu bedrucken.

Die Tür als Gestaltungselement wird für Architekten, Raumgestalter und Bauherren eine besondere Herausforderung.

Anwendungsbereiche: Wohnbau, Vereinslokale, Einfamilienhäuser etc.

GENERAL INFORMATION

DESCRIPTION

NDD – NINZ DIGITAL DECOR® decorative varnish

NDD – NINZ DIGITAL DECOR® for graphical representations executed on half-leaf with epoxy-polyester powder coating, graphic print of the decor on plain leaf surface with special inkjet inks, protection of half decor with transparent varnish; plain or structured finishing depending on selected decor.

NDD decorative varnishing is applicable in case of every one- or two-leaf PROGET, UNIVER and REVER doors.

LABORATORY TEST

The decorative varnishing mode NDD has been severely tested in numerous experiments showing extremely positive results regarding resistance towards salt spray, humidity, UVA radiation, towards abrasion and solvents.

- Exposure test 500 h to salt spray: normal behaviour, no sign of deterioration
- Exposure test 500 h to humidity: normal behaviour, no sign of deterioration or luminosity deficit
- Exposure test 500 h to UVA radiation: normal behaviour, no difference in surface luminosity before and after the test
- Exposure test to abrasion after 1000 cycles: the decor has remained unchanged
- Exposure test to solvents: normal behaviour, no deterioration regarding decor, varnish or surface varnish.

CATALOGUE DECOR

Doors with NDD decorative varnishing will be delivered with:

- Hinges in frame colour
- Accessories in typology and finishing listed in Ninz Doors Catalogue and in Prize List
- Frame in specified colour described in NDD catalogue
- Glass section frame, muntons, covering muntons for two-leaf doors, perimetral muntion of door leaf in colours represented in NDD technical information
- Realisation of decors represented in the catalogue is possible upon request
- Perimetral frame, accessories, glass section frame, muntons, covering muntons for two-leaf doors and perimetral two-leaf muntons available also in various colours upon prize request.

SPECIAL DECOR

For decors in different colours than those represented in the catalogue as well as for tailor-made decors, new prize calculation is necessary.

In case of door leaf positioning of logos and symbols it can be the client to provide the following support:

- **FILE CREATED ON PC** (logos, symbols, images, etc.) in vectorial format created with programmes like Illustrator or Freehand. Send file via: e-mail or CD-ROM.
- **DIAPOSITIVES** with image format 36 mm or better 6 x 6, transferred to PC through scanner (professional scanner). Send file with CD-ROM. Resolution ≥ 150 dpi, ≥ 200 MB of memory (TIF format).
- **IMAGE** of a picture taken with an analogue camera (reflex), printed on DIN A4 and transferred to PC through scanner. Send file with: CD-ROM. Resolution ≥ 150 dpi, ≥ 200 MB of memory (TIF format).

PACKAGING

Thanks to the finishing quality the doors will be delivered in special packaging, in a wooden cage protecting it with nylon. There's an additional prize to take into account for this special packaging.

If the client chooses standard product packaging on palette he will have full responsibility in case of product damage.

LEGEND

Execution not suggested:

-  Vitrification
-  Ventilation holes
-  Anti-panic handle
-  Double, asymmetric door
-  Double door

DESCRIZIONE CAPITOLATO

NDD – NINZ DIGITAL DECOR® verniciatura decorativa

NDD – NINZ DIGITAL DECOR® per rappresentazioni grafiche eseguita mezzo verniciatura dell'anta/e con polveri epossipoliestere termoindurite, stampa grafica del decoro sulla superficie piana dell'anta/e con getto di speciali inchiostri, protezione del decoro mezzo lacca trasparente; finitura liscia o gofrata in relazione al decoro selezionato. La verniciatura decorativa NDD è realizzabile su tutta la gamma PROGET, UNIVER, REVER ad una e due ante.

TEST DI LABORATORIO

Il ciclo della verniciatura decorativa NDD è stato collaudato sottoponendolo ad una serie di severe prove ottenendo ottimi risultati in merito alla resistenza in nebbia salina, all'umidità, alla radiazione UVA, all'abrasione ed ai solventi.

- Test esposizione 500 h in nebbia salina: buon comportamento, nessun segno di deterioramento.
- Test resistenza 500 h all'umidità: buon comportamento, nessun deterioramento o perdita di brillantezza superficiale.
- Test resistenza alla radiazione UVA per 500 h: buon comportamento, nessuna differenza di brillantezza superficiale fra prima e dopo la prova.
- Test resistenza all'abrasione dopo 1000 cicli: la decorazione è rimasta inalterata.
- Test resistenza ai solventi: buon comportamento, nessun deterioramento della decorazione e della vernice di fondo.

DECORI A CATALOGO

Le porte con verniciatura decorativa NDD saranno fornite con:

- cerniere nel colore del telaio
- accessori nelle tipologie e finiture riportate nei listini e cataloghi porte Ninz
- telaio nel colore specificato nelle pagine del catalogo NDD
- cornici specchiature, profilo centrale, profilo di battuta per porte a due ante, battuta perimetrale dell'anta nei colori indicati nella scheda tecnica NDD
- a richiesta sono realizzabili i decori a catalogo, il telaio perimetrale, gli accessori, le cornici specchiature, il profilo centrale, il profilo di battuta per porte a due ante e la battuta perimetrale dell'anta anche in colori diversi; questo con maggiorazioni da preventivare

DECORI SPECIALI

Per decori in colori diversi da quelli rappresentati nel catalogo o per decori personalizzati è necessaria la formulazione di un nuovo prezzo. In questo caso al Cliente può anche essere richiesto di fornire a supporto, indicando per loghi e simboli dove devono essere posizionati sull'anta, quanto segue:

- **FILE GENERATO SUL PC** (loghi, simboli, disegni, ecc.) in formato vettoriale creato con programmi illustratore o Freehand. Invio del file tramite e-mail o CD-ROM,
- **DIAPOSITIVA** con formato dell'immagine da 36 mm o meglio 6 x 6, trasferita su PC tramite scanner (serve scanner professionale). Invio del file tramite CD-ROM risoluzione ≥ 150 dpi, ≥ 200 MB di memoria (formato TIF),
- **IMMAGINE DA UNA FOTO** fatta con una macchina fotografica analogica (reflex), stampata su formato A4 e trasferita su PC tramite scanner. Invio del file tramite CD-ROM risoluzione ≥ 150 dpi, ≥ 200 MB di memoria (formato TIF).

IMBALLAGGIO

Data la particolarità ed il pregio della finitura le porte vengono fornite con imballaggio speciale in gabbia di legno protetta ulteriormente da involucro esterno in nylon. Pertanto, all'atto dell'ordinazione necessita considerare il sovrapprezzo per detto imballaggio.

Qualora il cliente intenda acquistare i prodotti con imballaggio standard su palette si assume qualsivoglia responsabilità in caso di danneggiamento del prodotto.

LEGGENDA

Esecuzioni non consigliate:

-  Svecchiatura
-  Fori areazione
-  Maniglione antipanic
-  Porta asimmetrica a due ante
-  Porta a due ante

AUSSCHREIBUNGSTEXT

NDD – NINZ DIGITAL DECOR® Dekorlackierung

NDD – NINZ DIGITAL DECOR® für graphische Darstellungen an den planen Türblattflächen bestehend aus Pulver-Einbrennlackierung und digitaler Inkjetlackierung mit speziellen UV-gehärteten lösungsmittelfreien Pigment-tinten, sowie Klarlackbeschichtung, mit strukturierter oder glatter Oberfläche je nach gewähltem Dekor.

Die Dekorlackierung NDD ist an allen ein oder zweiflügeligen PROGET-, UNIVER- und REVER-Türen anwendbar.

LABORTESTS

Der dekorative Lackiermodus NDD ist anhand verschiedener strenger Versuche getestet worden und hat optimale Ergebnisse erbracht. Folgende Tests wurden durchgeführt:

- Salznebelbad 500 h: gutes Verhalten ohne Anzeichen von Schäden,
- Feuchtigkeitstest 500 h: gutes Verhalten ohne Anzeichen von Schäden oder Glanzverlust,
- UVA Bestrahlung 500 h: gutes Verhalten und keine Veränderung der Oberfläche,
- Abreibungstest 1000 Zyklen: das Dekor bleibt unbeschädigt,
- Lösungsmitteltest: gutes Verhalten. Keine Abnutzung am Dekor und an der Pulverlackierung.

DEKORS AUS DEM KATALOG

Die dekorative NDD Beschichtung bei Türen beinhaltet:

- Bänder in der Rahmenfarbe,
- Zubehörteile mit Ausführung und Oberflächen laut Preisliste und Ninz Generalkatalog,
- Rahmenfarbe laut Angaben im NDD Katalog,
- Glasausschnittrahmen, Kämpferprofil, Überschlagnprofil, Türblattfalz in den Farben laut technischen NDD-Datenblättern,
- auf Anfrage sind die Dekors laut Katalog, der Türrahmen, das Zubehör, die Glasausschnittrahmen, das Kämpferprofil, das Überschlagnprofil und der Türblattfalz, auch in anderen Farbtönen lieferbar (Preisfrage).

SONDERDEKORS

Für Dekors, welche nicht im Katalog beinhaltet sind, und für kundenspezifische Ausführungen wird ein neues Preisangebot erstellt. In diesem Fall kann die Hilfe des Kunden notwendig sein, die Position von Logos oder Symbolen muss definiert sein und eventuelle Daten sollen wie folgt übermittelt werden:

- am PC erzeugte DATEI (Logos, Symbole, Grafiken, etc.) vektorisiertes Format in Illustrator- oder Freehand-Programm erstellt. Übermittlung mittels E-Mail oder CD-ROM,
- DIAAUFNAHME Größe 6 x 6, einzuscannen (mit professionellem Scanner). Übermittlung mittels CD-ROM. Auflösung ≥ 150 dpi, ≥ 200 MB Speicher (TIF Format),
- FOTOAUFNAHME erstellt mittels analoger Spiegelreflexkamera, Ausdruck in A4 Format einzuscannen (mit professionellem Scanner). Übermittlung mittels CD-ROM. Auflösung ≥ 150 dpi, ≥ 200 MB Speicher (TIF Format).

VERPACKUNG

Aufgrund der Besonderheit und der wertvollen Oberfläche werden diese Türen ausschließlich in Holzgitterkisten mit Schrumpfnylon-Umwicklung ausgeliefert. Der dazugehörige Aufpreis muss im Auftrag berücksichtigt werden.

Sollte der Kunde auf die Sonderverpackung verzichten, so muss dieser die Verantwortung für eventuelle Schäden selbst übernehmen.

LEGENDE

Nicht empfohlene Ausführungen:

-  Verglasung
-  Lüftungsausstanzungen
-  Panikbügel
-  Tür asymmetrisch zweiflügelig
-  Tür zweiflügelig

DESCRIPTIF

NDD – NINZ DIGITAL DECOR® laquage décoratif

NDD – NINZ DIGITAL DECOR® pour représentations graphiques réalisées par un procédé de thermolaquage de poudres époxy-polyester, impression graphique du décor sur la surface plane du vantail par jet d'encre spéciales, protection du décor par un vernis transparent; finition lisse ou gaufrée selon le décor choisi. Le laquage décoratif NDD est réalisable sur toute la gamme de portes PROGET, UNIVER et REVER, à un ou deux vantaux.

ESSAI DE LABORATOIRE

Le cycle de laquage décoratif NDD a été validé après qu'il ait été soumis à une série d'essais très sévères en laboratoire avec des résultats extrêmement satisfaisants quant à la résistance aux brouillards salins, à l'humidité, aux UV, à l'abrasion et aux solvants.

- Test d'exposition 500 heures aux brouillards: bon comportement, aucun signe de détérioration.
- Test de résistance 500 heures à l'humidité: bon comportement, aucun signe de détérioration ou perte de la finition brillante.
- Test de résistance 500 heures aux UVA: bon comportement, aucune différence de la surface brillante avant et après le test.
- Test de résistance à l'abrasion après 1000 cycles: le décor est resté intact.
- Test de résistance aux solvants: bon comportement, aucune détérioration du décor, ni de la peinture de fond.

DECORS AU CATALOGUE

Les portes avec décors NDD seront fournies avec:

- les paumelles dans la même teinte que le dormant
- les accessoires proposés dans le catalogues général et le tarif
- le dormant dans les teintes spécifiées au catalogue NDD
- les parecloses d'oculus, le montant central et montant de recouvrement des portes à deux vantaux, la feuillure du vantail sont réalisés dans les teintes indiquées dans la fiche technique NDD
- sur demande il est possible de réaliser les décors au catalogue, le dormant, les accessoires, les parecloses, le montant central et montant de recouvrement des portes à deux vantaux, la feuillure du vantail, en teintes différentes – Plus-value, nous consulter.

DECORS SPECIAUX

Pour avoir des décors en teintes différentes que celles spécifiées au catalogue ou pour des décors personnalisés, il est nécessaire de demander un devis. Il se peut qu'il soit demandé au client de fournir, pour les logo et symboles, le matériel suivant:

- FILE GENERE SUR PC (logos, symboles, dessins, etc.) en format vectoriel créé avec des programmes Illustrator ou Freehand. Envoi des files par e-mail ou cd-rom.
- DIAPOSITIVE avec format de l'image 36 mm ou mieux encore 6 x 6, transférée sur PC par scanner (scanner professionnel). Envoi du file par cd-rom résolution ≥ 150 dpi, ≥ 200 MB de mémoire (format TIF).
- IMAGE A PARTIR D'UNE PHOTO réalisée avec un appareil analogique (reflex), imprimée sur format A4 et transférée sur PC par scannérisation. Envoi du file par cd-rom résolution ≥ 150 dpi, ≥ 200 MB de mémoire (format TIF).

EMBALLAGES

Etant données la spécificité et la qualité de la finition des portes, elles seront fournies emballées dans un emballage spécial en caisses de bois et un film nylon. Il y aura donc une plus-value pour l'emballage.

Si le client souhaite un emballage sur simple palette, il s'assumera entièrement la responsabilité en cas d'avarie sur la marchandise.

LÉGENDE

Finitions déconseillées:

-  Oculus
-  Ventilation haute et basse
-  Barre antipanique
-  Porte à deux vantaux tiercés
-  Porte à deux vantaux

Edizione

02 // Maggio 2006

Per motivi di stampa i colori non sono originali.

Le descrizioni e le dimensioni dei decori illustrati in questo catalogo sono fornite a titolo indicativo.

Ninz spa si riserva il diritto di apportare le modifiche che ritenga necessarie.

Because of printing reasons colours may result differently between image and original decors. Dimensions and sections of decors may vary. Changes reserved!

Pour des raisons d'impression sur papier, les teintes ne correspondent pas à l'original. Les descriptions et les dimensions des décors représentées dans ce catalogue sont données à titre purement indicatif.

La société Ninz se réserve le droit d'apporter tout changement qui serait retenu nécessaire.

Aufgrund drucktechnischer Gegebenheiten können Farbabweichungen zwischen den Darstellungen und den Originaldekoren auftreten. Die Abmessungen und Zuschnitte der Dekore können variieren.

Änderungen vorbehalten.
